

solve\_theta\_plan\_single

```
graph LR; A[solve_theta_plan_single] --> B[pascal_tdma::pascal_tdma_plan_single_create]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is white with a black border and contains the text 'solve\_theta\_plan\_single'. The right box is gray with a black border and contains the text 'pascal\_tdma::pascal\_tdma\_plan\_single\_create'. A blue arrow points from the right side of the left box to the left side of the right box.
