

pascal\_tdma::pascal  
\_tdma\_single\_solve

```
graph LR; A["pascal_tdma::pascal  
_tdma_single_solve"] --> B["tdma_single"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box has a light gray fill and a black border, containing the text 'pascal\_tdma::pascal' on the top line and '\_tdma\_single\_solve' on the bottom line. The right box is white with a black border and contains the text 'tdma\_single'. A solid blue arrow points from the right side of the left box to the left side of the right box.
